Capitol Stars and Stripes
Janice Morris
1st Place winner--July 2007

Bombs Bursting In Air
Janice Morris
2nd Place winner-- June 2007

July Contest=Success Again!

Congratulations to everyone who submitted pictures for the July contest. The theme, appropriate for July, was photography involving fireworks and/or Patriotic subjects. As usual, no one would have wanted the responsibility of choosing the prize winners. However, when we chose as a club, third place went to Jerry Hardy for a photo of the flag at the Fight 93 crash site. Both first and second places featured talented works by Janice Morris as she stretched her creative envelope to double expose *Old Glory* with the Capitol and with fireworks. As you can clearly see, her efforts were outstanding.

Get Your Photos Ready

The time is quickly approaching for our exhibit at the Bowlby Library in Waynesburg. As Pam pointed out at the meeting, each member who wishes may submit up to five photos for the Library Exhibit, and you should bring those photos with you to the August 21st meeting. You have quite a bit of freedom on what you submit for exhibit, but Jerry recommended photos that are appropriately matted but not framed. If you wish to offer the pictures for sale, he pointed out that people generally prefer to get frames to coordinate with where they will display them. With that said, Jerry has two framed photos on the floor beside him that he is exhibiting!

3rd Place--July 2007

Photo Field Trip

Call Jerry if you can go: The Taylor County Photo Club is taking a photo field trip on August 8 to the Fenton Glass factory near Parkersburg. They've asked us to accompany them. We will be leaving the Shop-n-Save parking lot at 9:45 am, meet the Taylor County members at the plant at 12:15, and tour the plant. We will probably stop at Red Lobster on the way home.

NOTE: If you have entries for the Taylor County Fair, bring them with you that day. Harry White (TCPC) will deliver them.

Pix Exhibits and Contests

This section has become a constant in the newsletter, and that is a good thing. Opportunities to show, to judge, and to sell your photos just keep arising. Of course, we'll have our monthly contest for the August 21st meeting. The theme is "*Fairs & Festivals*". Remember—4x6 or smaller!

By now, you have probably entered the Greene County Fair, and we wish you best of luck. Meeting competitions say you'll have it!

The Mason Dixon Park's *Frontier Fest* will be on August 25th and 26th. Carolyn Whitehead pointed out that the Festival runs from 10:00 am. If you can exhibit there, give her a call ASAP at 724-324-2626. If we do have members who exhibit, we will need to coordinate a schedule so that someone is at that exhibit during the festival hours.

Bring your Rain Day photos to the August 21st meeting. Pam may like to use them for a collage for the Greene County Historical Society and for *The GreeneSaver*.

Meeting Programs

Jerry pointed out at the July meeting that his supply of Kodak educational programs is exhausted. We desperately need programs and people to give us a short (20 minute-ish) program at our meetings. We've talked with Carolyn Whitehead, but we are sure there are several others of our group who could do very interesting and very beneficial programs. Since no one ever volunteers for such duty, if you know of a club member or other person who may do that, sneak a message to Pam, Debbie, Denise or Jerry.

One other note on the DVD's with the Kodak programs Jerry has used, if you would like to borrow any of them, just tell him.
